Every member of the College should always feel comfortable, safe and able to fully participate in all the community has to offer.

To foster in our residents a desire and capacity to make a difference in the world.

SUPPORT SERVICES

WITHIN MANNIX

Mannix offers a range of services and supports to help you. No matter the issue, no matter the time of day, our team of friendly support staff is here for you.

For general, day-to-day concerns, you can speak to your Resident Advisors (RAs). RAs are trained in Mental Health First Aid, First Aid and are familiar with College policies and general support services.

From 4:30pm-8:30am every day and all day on weekends, the **Mannix Duty Phone** can be called on **0419 122 406**. You can call this number if you have an injury, incident or urgent concern.

When engaging with your RAs, please remember that they are student leaders who are available to support you but their role is not to solve your problems for you. They can provide general advice, connect you to other staff, assist you within the limits of their training and the boundaries of their role, and refer you to suitable persons or services as needed. Our College is fortunate to have a wonderful team of RAs but please be mindful that they serve our large community. As such, RAs have a duty to equitably support all residents and so their ability to commit significant time to individuals is limited.

The ideal College environment is one where all members of the community work to challenge the inappropriate behaviours of others in order to support them. Failure to change behaviours once challenged will be viewed as a conscious choice and treated with the utmost seriousness. Residential Advisors are employed to support residents in meeting the community standards.

COLLEGE CULTURE

PEER SUPPORT

Mannix students never have to go it alone. Peer support is an ingrained part of the College where students and student leaders assist and support each other to succeed academically and personally. Students can benefit greatly from peer support networks to help them settle into their studies and start enjoying all that university life and Mannix has to offer.

PROGRAMS & EVENTS

The College is proud to offer a number of unique programs and events that enhance our resident experience and are driven by staff and residents. They are tailor-made and appropriate for each resident and are offered as part of your residency at the College. The offerings include:

Your Ideas!

Residents with ideas for events and activities that will benefit the College community are strongly encouraged to work with the College to make these ideas happen!

Welcome Week

The difference between high school and university can be intimidating. To assist our residents who are in their first year of university to adapt to their new environment, we offer a comprehensive week of events that help you to make friends and orient you to different aspects of life at university. All new residents must attend Welcome Week.

Resident Check-Ins

Every resident will meet with their RA at least once a semester for a chat about how they are going. New residents will meet with their Floor RA at least twice in their first semester.

Community Service

Our residents are given frequent volunteering opportunities, organised by residents for residents, with excellent support from staff and alumni. Service learning is a big part of the College experience, giving you the opportunity to use the skills you are learning at university to make a positive difference in the wider community while you are still studying.

Academics & Careers

The College fosters a thriving academic and intellectual culture, spearheaded by our comprehensive academic support program that complements your university studies. The program includes individual and small group tutorials, opportunities to meet faculty members and professionals in your field of study, skills development and mentoring.

Health & Wellbeing

Life at Mannix is all about your wellbeing and our passionate team of support staff care about the whole, unique you. Occasional seminars, events and initiatives will be delivered to promote health and wellbeing throughout the year. Extensive counselling services are available to help students resolve any problems impacting their wellbeing or study. Any student experiencing personal or

academic problems can seek help from a wide variety of caring professionals including the Principal, Deans, and student leaders. The College Counsellor is also available to all students who need help resolving any problems.

Residents can use our onsite gym or access a Monash Sports membership at a 50% discounted rate that is subsidised by the College.

Arts & Music

The College encourages our residents to exercise their creativity. Opportunities to showcase your talents are provided through College events, Formal Dinners, College Play, Choir and more! The College has sound-proof music practice rooms, a drum-kit and five pianos, including two grand pianos. We strongly encourage you to keep developing your skills and interests and share your talents with the College community.

Spiritual Engagement

Mannix is affiliated with the Catholic Church, however students of all faiths or no faith are welcome at the College. Our College Chaplain conducts regular services in the College's own Chapel and is available to students. Students are encouraged to embrace their personal spiritual growth in whatever way is meaningful to them.

Sports

The College offers a range of team sports that residents can participate in, accompanied by strong levels of support and encouragement from the rest of the College. Natural ability and experience are not necessarily required at college-level, and enthusiasm will often carry the day! As Monash students, residents can also access sports teams and clubs at the University.

Sustainability

The College is committed to a sustainable future, so it seeks to adopt environmentally friendly practices in its day-to-day operation, encouraging awareness of green issues and practices among staff, residents, and the wider community. Our sustainability initiatives include a comprehensive recycling program and the installation of solar panels. Please get involved in reducing harmful human impact on our beautiful planet.

Leadership Opportunities

The College offers residents a range of opportunities that will help them to contribute to College life and develop leadership skills. In addition to paid role of Resident Advisor and the voluntary roles on the MCSS Committee and Sub-Committee, residents are invited to serve on a staff-student committee, such as:

ABSENCE FROM RESIDENCE

For the purposes of community management and residential support, residents must submit an absence from residence form if they will not be residing in their accommodation for a **period of longer than four consecutive nights** (e.g. for reasons of academic placement; holidays/travel; extended stay with family/friends). ACADEMICS

Mannix College is devoted to the pursuit of intellectual development and academic excellence. Residents must:

1. Undertake a minimum study load of **24 credit points per semester** at Monash University.
 - a. Residents must speak to the College to gain approval to enrol in less than 24 credit points per semester for an agreed period of time.
2. Maintain satisfactory academic progress.
 - a. Unsatisfactory academic progress is when a resident **fails two or more** subjects in a semester. In this case:
 - i. The resident must contact the College to discuss their results, any support that the College might offer, and/or, depending on the circumstances, future residency at the College.
 - ii. A written appeal to the Principal, outlining how their circumstance affected their results, may also be necessary, to secure a place at College in the following semester.
 - iii. Should the resident be invited to return, they will be placed on Academic Probation. This will involve working more closely with the College to develop an individualised support plan. This may include a set of expectations around attendance at all relevant college tutorials, attendance at additional academic support programs, demonstration of clear academic progress in the following semester, or other mutually agreed upon actions or outcomes.
 - iv. A student on Academic Probation is generally expected to pass all subjects enrolled to be offered a place in College in the following semesters.
Individual circumstances will be taken into account.
3. Seek written approval from the Principal to extend their stay at Mannix College if at any time they do not satisfy the Admissions Policy Principles which includes:
 - a. If a student discontinues their enrolment at Monash University or changes from full-time to part-time study, or transfers to distance education, or completes their studies prior to the end of the academic year, they may be required to vacate their room.

All individuals representing Mannix have a responsibility to understand the role they play to ensure the safety, protection and empowerment of children. This includes our commitment to protect children from abuse, including physical violence, sexual abuse, serious emotional or psychological abuse and serious neglect. Our promotion and management of child safety is done in accordance with our Child Safe Policy and other relevant policies.

COMMUNITY LIFE

The aim of College staff (including Resident Advisors) is to assist and support residents. When performing their duties, they are to be permitted reasonable access to the areas for which they are responsible and their requests of residents to take certain action are to be heeded. Conduct by a resident which interferes unreasonably with the work of staff or causes harm or embarrassment to them is viewed seriously and shall amount to a breach of the conditions of residence.

COMMUNICATION

If the College emails or calls you, it is important and you are expected to respond promptly.

The College may officially communicate with you, via its delegated representatives, directly in person, or using the phone number, email address or postal address reflected in your resident profile on the College Portal, or by any other appropriate means of communication.

The College is not responsible, for example, if you missed a deadline to respond because you did not check your emails or messages, or because you failed to notify the College of a change of email address or phone number via the Portal.

It is a requirement that you keep your contact details current. Your contact details can be updated anytime via the College Portal.

The College also relays important notices to its residents through the Gryphon Gazette, our weekly e-newsletter which is sent out to residents every Friday to the email address reflected in your resident profile on the College Portal. Please ensure that you read them each week. They keep you up to date with what's going on around College.

The College officially maintains a number of accounts across various social media platforms. These accounts allow the College community to participate in social media effectively, whilst maintaining the good reputation of the College online. Resident conduct on social media must adhere to the Conditions of Residency.

COMPLAINTS

If you have a complaint, there are a number of opportunities available to resolve them:

- you can talk to a Resident Advisor
- you can talk to a Dean
- you can go straight to the Principal and give the Principal the opportunity to resolve the matter

The College's aim is to provide fair and consistent policies and procedures for resolution of complaints by residents.

CONFERENCES & GUESTS

On occasion, the facilities of the College are made available to outside groups for meetings and conferences. Conference guests may be resident in the College at times throughout the year. Members of the College should understand that conference groups and academic visitors are accommodated as a means of subsidising fees, which would be appreciably higher without them.

Guests should always be treated with courtesy and respect. Many of these academic guests are accomplished in their own sphere of academic pursuits. Students are encouraged to engage in conversation with these professional guests if the occasion presents itself. If there are any issues with guests, please notify the College office.

COUNSELLING

To make an appointment with the Mannix Counsellor, email counsellor.mannix@monash.edu. To make an appointment at any of Monash's campuses, call 9905 3020. After hours you can access Counselling Help Online at 1300 788 336

COURTYARDS

The West and East Wing Courtyards are located between the student common rooms and West Wing. Outdoor seating and a grassed area is located here for student use. Please ensure that you keep noise to a minimum as resident rooms are located adjacent to the courtyards.

DRESS STANDARDS

Residents must dress appropriately in all communal spaces. This includes when walking to or from the showers. Although Mannix does not have a particular dress code, except for at select events or in the Dining Hall, Residents must always be mindful of other Residents and cultural differences. Residents must make every effort to not cause offence or discomfort to others.

ENROLMENT

If a student discontinues their enrolment at Monash University or changes from full-time to part-time study, or transfers to distance education, or completes their studies prior to the end of the academic year, they may be required to vacate their room. If a student is excluded from Monash University - for any reason - they will be required to vacate their room.

EMERGENCY PROCEDURES

Fire Safety and Evacuation Notices are located behind each residential room door. Please acquaint yourself with this information in case of an emergency.

Each Resident Advisor is assigned as a Floor Warden. The Floor Warden is responsible for the correct evacuation of their corridor and must be obeyed.

Residents responsibilities during an evacuation:

- If a fire is detected, raise the alarm if it has not already been raised.
- Close your window and door and proceed to your evacuation point. Make sure your Floor Warden sights you, as this person is responsible for ensuring the floor is clear and all residents are accounted for.
- Regardless of circumstances, whenever the appropriate alarm is raised all students and staff must evacuate the floor immediately.
- Residents are to congregate in the back car park (primary evacuation area) unless advised to move elsewhere. Residents in the administration area evacuate to the front car park of the college (secondary evacuation area).
- Residents in the Junior Common Room or Dining Room evacuate via the fire exit doors on Parker Street if they cannot evacuate through the front administration foyer area.
- Note: Do not stand under the walkways, even if weather is inclement. You must move away from the buildings and stand in the appropriate area designated for your floor in the car park.
- Nobody is to re-enter the building until the official "All clear" has been given by the Chief Fire Warden or the Metropolitan Fire Brigade officer.

False Alarm

Fire alarms, if activated, immediately result in fire brigade attendance at substantial cost to the College (minimum \$2,500). **If it is found that a resident has set off the alarm system via negligence or deliberate intent, the offender will be charged with this call out fee.** If the offender is not discovered or comes forward, the cost of the fire brigade attendance may be borne by the MCSS and therefore by all residents through increased subscription fees. If an alarm is set off by

smoke through an honest mistake then owning up as the responsible party is helpful and may well avoid the offender being charged or fined. Tampering with fire equipment is prohibited.

Fire Regulations

Fire regulations prohibit cooking (including microwave ovens), electric bar radiators or burning candles or incense in rooms. Doors facing Parker and Cobain Streets must not be left open nor propped open. Hose reels must not be tampered with under any circumstance. Residents should not use these fire doors to enter or exit the building unless for fire evacuation purposes.

Fire detectors and door closers

Smoke detectors, heat detectors and fire sprinklers are fitted in every residential room as well as corridors and common areas. Detectors may be activated by heat or if the glass bulb at the centre of the sprinkler is broken. If activated, a fire siren will immediately sound and the Fire Brigade summoned. The subsequent minimum callout charge for the brigade may be charged to the resident of the offending room if it is a false alarm.

Tampering with these detectors in any way, including covering of the alarm, or tampering with the fire service equipment endangers the lives of fellow residents and is cause for disciplinary action and may result in immediate dismissal from College.

Faulty smoke detectors should be advised to the front office as soon as you are aware of a fault.

Each student room has been equipped with a smoke detector, which is hardwired back to a central fire panel. At no times should you cover these fire detectors, if you do so, you may have your residency contract terminated. Hairspray or steam can set these fire detectors off.

In accordance with Monash City Council regulations, each student door has been fitted with a self-closing fire door device. Students unfortunately are not able to leave their doors ajar due to fire regulations and requirements.

FEES

Residential fee statements are issued via the Resident Portal. If there are any issues with fees please consult the Office.

The Mannix College Council, following the recommendation of the Principal, appoints a number of distinguished persons who are known as Fellows of the College. The Fellows wherever possible shall support and advise the Principal in the pursuit of the following College interests and objectives:

Please note, when seated at High Table, cell phones are expressly prohibited, and cannot be placed on the table.

Fobs remain the property of Mannix College. All fobs must be returned to the College at the conclusion of your Residency Agreement or a \$50 per day fee will be charged.

For the safety of the community, lost fobs must be immediately reported to the College Office. Lost fobs will incur a \$50 replacement fee.

GUESTS

The College observes a guest policy to ensure that the College maintains a safe and secure environment conducive to study and that its facilities remain for the exclusive use of fee paying residents.

All Mannix accommodation is offered as single occupancy. Residents are permitted visitors and guests – under the expectation that any guests will not negatively impact on the wider residential community.

Residents are responsible for the behaviour of their visitors/guests at all times. Visitors/guests can stay overnight for a maximum of **two consecutive nights** in a week on an irregular basis. Visitors/guests may not attend College events, including Formal Dinners unless approved by the Principal or Deans

At the beginning of their residency, Residents are provided with **six free meal vouchers** for the purpose of dining with their guests in the Dining Hall. Immediate family members do not require vouchers. Additional meal vouchers can be purchased from the College office during normal office hours. To preserve the security of the College and safety of all residents, please do not let anyone that is not your guest or that you do not know into the College after hours.

Residents must not give their Fob to their guests under any circumstances. Guests who are unaccompanied will be approached by staff or RAs and asked to produce identification and the name of the resident who invited them into the College.

GYM

The Mannix Gym is available 24 hours a day for residents. Limited access is available for staff and guests. There are treadmills, bikes, cross trainers, recumbent bikes, rower, free weights and weight machines. Terms & Conditions of use are displayed in the Gym.

GOSSIP & RUMOURS

in a large community, such as at Mannix, with so many people living and working in such close proximity, gossip and rumour has the potential to cause great individual personal hurt and considerable damage to the community as a whole.

As with physical bullying, there are no innocent bystanders with hurtful rumours. Simply hearing and reacting to the rumour, and letting it continue, makes a person almost as responsible for its damage as the person who started it. When confronted with a rumour, question the source of the information if you doubt its validity. If you are not getting clear answers back, do not pass the information on. Furthermore, let others know you will not take part in listening to information that is hurtful to others, and that you will not pass it on.

However, if what you are told does seem to be valid, you still should not contribute to the dissemination of information that is potentially hurtful and most likely no business of yours, or indeed of most other people in our community. Discuss the matter with a friend and contact an RA or Dean to ensure that the effect of the information on the lives of others is minimised.

HOUSEKEEPING

The College Cleaners work from Monday to Friday 8:00 am to 4:00 pm. Bathrooms, common rooms and passages are cleaned. Student rooms are vacuumed once a week. Rooms should be left in a tidy state to facilitate cleaning. Rooms must be made available for cleaning at least once a fortnight (this is an occupational health and safety requirement by the College).

If your room cannot be practically cleaned because of its condition, the cleaner will photograph the room for the purpose of reporting this to the cleaning supervisor. If a student room is found to be consistently below an acceptable state of cleanliness, a report will be made back to the Dean of Students & Wellbeing and which may result in disciplinary action.

If you are feeling overwhelmed by the state of your room or have complicating health factors which inhibit your ability to keep your room clean, reach out to the Dean of Students & Wellbeing who will assist you to get support and help you to develop coping strategies.

ILLNESS OR INJURIES

The Deans, Principal, RAs, Residential Support Officer and MCSS Committee members are First Aid trained. RAs are not permitted to dispense medications including common treatments e.g. paracetamol or antihistamines. It is the responsibility of residents to provide their own medication. Any student with severe allergies must have their own EpiPen at College at all times.

It is important that your Resident Advisor be informed immediately if a student contracts an illness or suffers an injury of a serious nature. The RA will notify the Chief Warden (either the Principal or a Dean who is rostered on) in emergency situations.

If a resident suffers an injury considered to require more than basic first aid assistance, then an ambulance is routinely called. Ambulances charge the patient for this service. In addition to normal personal health insurance coverage, all residents are strongly advised to take out 'Victorian

Ambulance Service Subscription' to avoid the possibility of hefty charges from the Ambulance Service. The College does not cover ambulance charges or medical bills.

The College reserves the right to contact your 'Emergency Contact' Person if it deems it necessary.

INSURANCE

Mannix provides limited content insurance for student possessions. This covers damage caused by fire, flooding, or theft as a result of a break and enter. In all cases there is a general excess of \$1000 per claim. If rooms are unlocked, there cannot be a break and enter claim.

The College strongly recommends that each resident takes out their own insurance for personal effects including cars.

INTRUDERS

As in any community, there is always a risk of unwelcome intruders to the College who may steal, vandalise or threaten the personal security of residents with their unwanted attention. In this matter, we are all custodians of each other's welfare. Please be alert to the presence of uninvited people. **Only let people into the College who you know.** Ask outsiders if you can be of help. If you are in any doubt about an outsider's intentions, report it to the Office or the Duty Phone immediately. Do not put yourself at personal risk. In the case of intruders, it is important to act promptly. Be alert to anyone who looks out of place and back your judgement - better a little embarrassment than a stolen wallet, laptop computer or TV.

LAUNDRY

The student laundry is located adjacent to the gym and contains washing machines, dryers, ironing boards and a change machine. Each load (washing or drying) is \$1.

Laundry tips:

- Do NOT use the top loading detergent in the new washing machines. Only front loading washing detergent can be used.
- One cup of concentrated soap is sufficient for a load of clothes. Excessive soap causes over sudsing, and can cause machines to shut down before completion of cycle.
- Avoid overloading the machine. If you have to forcefully push clothes into the machine that would be considered overloading.
- Please remove your laundry promptly after each wash and dry cycle, so that others may use the machines.
- Double check your pockets. Items like ink pens and tissues do not do well in laundry equipment. Small items may clog the drain.
- Clean out the lint screen filter in the dryer before using it every time. It is located next to the door of the dryer.

The dryers will run for approximately 45 minutes which should be sufficient time to dry most items of clothing. Residents should keep this area tidy. Washing machines and dryers must not be overloaded or be interrupted mid-cycle.

Residents are not to hang washing outside their windows, there is a clothes line provided in Hoevers Lane for this purpose. The College takes no responsibility for clothing left in the laundry or on the clothesline.

LOCK OUTS

If you have locked yourself out of your room:

1. During office hours on working days, go to the Front Office. Staff will provide you with a spare fob. Open your door and immediately return the spare fob to the office. Do not approach the Resident Advisors during these hours.
2. Outside office hours you contact the Duty Phone.

A student who requires access due to a lockout on three occasions in a single semester (whether access is provided by a temporary access key issued by the Front Office or the RA) will incur a \$50 fine. The College can issue a temporary fob to residents who misplace their fob for a short time, allowing residents the time to locate their original fob. Temporary fobs expire automatically after 48 hours. If after 48 hours the original fob has not been found, the resident will incur a lost fob fine.

LIBRARY

The Sir Michael Chamberlin Library is located within the Hart Academic and Spiritual Centre. It is open 24/7 to residents and authorised guests only for quiet study. Tutorial rooms attached to the Study Centre can be used for quiet discussions and work groups when not being used for College Tutorials. The Library contains study desks and chairs, Monash 'follow me' printer, Monash configured student PCs, stand-alone USB scanner, and WIFI. Please do not leave laptops, iPad, mobile phones or any valuables unattended.

LINEN

Room linen is the property of Mannix College. Students may provide their own linen if preferred, however the student will be responsible for its washing. College linen is washed once per week. Please leave soiled linen outside your door on the allocated day. Replacement sheets will be provided. Deliberate damage to linen will result in disciplinary action.

MEALS

All meals are served in the Dining Hall and provided by an in-house catering team as the advertised schedule. Snacks, including fresh fruit, teas and coffees, are always available.

Food service will end 15 minutes prior to the closing times indicated. Occasional suppers can be organised by the College during the semester and exam period. These will be advertised in advance. On Wednesday evenings, all residents are required to attend Formal Dinners.

Please note that very specific dietary requirements may not be catered for at Mannix, please discuss with the Office. Vegan/Vegetarian meals may be limited at times to ensure registered vegan/vegetarians get a meal.

Dining Hall etiquette includes:

- a) Demonstrating respect for the catering team, including the use of manners upon collection of meals and tidying up of tables and plates.
- b) Do not remove College plates, glasses, jugs, etc. from the Dining Hall. Fines will be incurred for College property found in residents' rooms.

MAINTENANCE

Please report any damage or malfunction as soon as practicable via an online form.

You may be held responsible for property damages at the end of year room inspection, which may have come about through general wear and tear, if you fail to report it in a timely manner. If any malfunction or damage presents an immediate risk, you need to report it to the Office during office hours or to the Duty RA after hours.

You can log maintenance requests for your own room as well as for shared spaces, such as common rooms and shared bathrooms. A logged maintenance job may take a few days to be addressed.

Maintenance Request Form - <https://forms.gle/hdTd9gUaBgVmfM9a9>

MOVING OUT

Upon vacating a room, a resident must return the room to the original condition it was in before checking in. A resident will be charged for any additional cleaning, moving of furniture, missing or damaged items and for any damage to the room not reported to the College Office.

As per the Conditions of Residency, all residents are required to vacate their accommodation by the end of the Residency Agreement or within 24 hours of their final exam or assessment, at the end of semester 2 (whichever comes first). Please note: on the day of departure you must complete all departure tasks and return your keys by 11am. The office will contact you after if you have not checked-out by this time.

If you require additional time in residence after your final exam or assessment, you can submit a request as part of the form. For example, you might have work, placement, research or other commitments that would be helped if you could remain at College. The Dean of Students & Wellbeing will consider these requests. Having been granted an extension, residents will recognise the importance of supporting their peers who are still dealing with exams.

Having received your departure date information, the College will email you to confirm your departure date and other departure details.

Rubbish and Recycling

To support our Maintenance and Housekeeping teams, please ensure any rubbish is placed in the bins in the hallways when you move out. We have a supply of garbage bags at reception if you need them. Please avoid placing rubbish in the recycling bins as this causes contamination and means items can no longer be recycled. Clothing bins will be available on each floor and you are welcome to drop-off any unwanted clothing items into them. Our Sustainability Reps will organise for them to be donated to charity.

Storing Items

The College hosts hundreds of guests during the summer break. These conferences provide essential income that funds many of the wonderful services and facilities that our student residents enjoy during the academic year. Because of our need to host summer guests and events, the College and all resident rooms must be completely empty and we can store only a limited number of resident items for **returning students**.

No food or drink is permitted in the music rooms. The music rooms are available for use most days from 7:00 am to 10:00 pm. Students may not be able to use the music rooms while conferences, speeches or seminars are conducted in the JCR Hall.

NEIGHBOURING STREETS

The College forms a part of the local civic community and members of the College are required at all times to respect the rights of the neighbouring households to courtesy, privacy, quiet and protection of their property. Residents should be mindful of the noise emanating from their rooms, sports court or common spaces, in particular heavy bass or loud music. Please keep noise to a minimum when walking to Dooley's or the Nott. Misconduct in neighbouring areas will be dealt with as per the Conditions of Residency.

NOISE

The most common complaint in a communal residential setting is noise. As such, Residents are expected to keep noise to a minimum and to demonstrate courtesy and consideration for others.

Noise that is disruptive to others is prohibited both inside and outside of the College, including the courtyard and surrounding areas. **If noise is reasonably deemed to be bothering one person (taking into account the time, place and type of noise) it is too loud.** If noise can be clearly heard outside a Resident's room, it is too loud. Residents are expected to respond courteously to requests to reduce noise and to act courteously to any request for a noise reduction.

There is to be complete quiet throughout the residential corridors from 11.00pm onwards. Residents wishing to socialise at the College beyond this time will be expected to move to the Junior Common Room.

Please avoid running and shouting in corridors, slamming doors or loud conversation in the courtyards or stairwells.

When the study curfew is in place prior to exams, the conditions are to be respected. Where a student fails to comply with the regulations an on the spot sanction may be applied without warning.

There is a period each semester during SWOTVAC (Study WithOut Teaching Vacation) and examinations known as 'Quiet Time'. It is expected that during this time that all Residents are quiet during prescribed hours. Social gatherings during this period are to occur off campus.

Fines or other disciplinary measure will be imposed for repeat excessive noise.

OFFICE HOURS

The Front Office is open from 8:30 am to 4:30 pm weekdays unless otherwise advised. The office staff can assist you with fee payment, forms and general information. The office is closed on public holidays.

OLD COLLEGIANS ASSOCIATION (MOCA)

All students who have resided at the College for at least one semester automatically become life members of the MOCA once leaving the College. MOCA's primary purpose is to promote networking and fellowship between Old Collegians, primarily through social events and reunions, and to strengthen the connection between Old Collegians and the College.

PARKING

The front car park is for use by temporary visitors, guests and staff only. It is strictly monitored by the City of Monash and a fine is imposed on any cars parked without a permit. Visitors must report to the front office for temporary permits, even for short periods of time.

Mannix College has limited car-parking facilities for residents available within its boundaries and along its perimeter. Space is limited and access restricted. There is a charge for parking permits (Car Parks A to D). **There is a \$50 fine for misuse of parking spaces and/or parking without the appropriate permit.**

- Residents may apply for car park permits on the perimeter of the College but there is no guarantee of available spaces. All residents will be emailed the application link near the beginning of the academic year. **If available permits are allocated, those who miss out can be placed on a waitlist.** Students are advised not to bring cars to the College unless they have previously organised a car park. These places are allocated at Administration's discretion.
- All permits and fobs must be returned to the office at the end of each academic year. Bonds will be forfeited by departing residents if these are not returned.
- Any interference with the automatic gate or other abuse of the car park, such as reckless driving, will lead to immediate forfeiture of the permit and the bond, as well as further disciplinary action.
- Cars are to be parked within designated car spaces. Failure to comply may result in your parking permit being revoked and possible disciplinary action.
- Car parking permits and electronic fobs are not transferable. Fines will be imposed for breaches of this regulation.
- Residents that do not have a valid Mannix Car Parking permit, should not park in designated Mannix College parking bays.

The College is not responsible for the safekeeping of any car left in the College compound or on its perimeter. All cars are parked at the owner's own risk.

Motor cycles: There are two parking bays for motorbikes in the back secured car park. There is a charge (including a refundable bond providing the fob is returned) for this parking permit.

PETS

Residents are not permitted to have pets of any kind live with them in their rooms for health reasons. There are a number of resident animals that you can take for walks or spend time with, including Joe who you'll often find in the Administration Office. All the animals in College are friendly but please respect their personal space, and if you are not familiar with animals please ask a staff member to introduce you.

PHOTOS/VIDEOS

Residents and guests agree and understand that photos and video taken of them during their stay at Mannix College by College photographers/videographers may be used by administration for marketing, website and publication purposes for the College.

POSTERS / PUBLIC NOTICE BOARDS

You must have approval from a staff member to post signs on notice boards, walls, doors, dining tables and anywhere else around the College. Any material which has not been approved will be removed. Residents are asked not to post notices on windows, glass or use sticky tape as this leaves residue which makes cleaning difficult.

PRIVACY

Each resident has the right to personal privacy. To enter another resident's room uninvited or to invade personal space is a breach of this right. These matters come under the College's residency agreement.

The College subscribes to the Monash policy concerning the confidentiality of personal information held by the University and the College. For this reason, all residents are required to provide the College with the necessary authority to obtain from the University academic results, at mid-year, end-of-year or at other times when official results are published, in order to be able to monitor progress, offer such assistance as may be warranted, continue to reassess and appraise the College Academic Assistance system and to assess eligibility for re-entry into College.

The College will not disclose personal information (including room and telephone numbers and home addresses) to people outside the College, other than in accordance with any legal or academic obligation unless explicit permission is given in writing.

No resident may enter another resident's room without permission from the occupier of the room.

Any material which is defamatory or otherwise offensive or illegal must not be published. Breaches of this requirement may result in legal action being taken by either the College or by individuals.

Publications in College will avoid obscene language, photographs, caricatures and other artwork, captions etc. that discriminate with respect to: race, colour, national or ethnic origin, nationality, religion, sexuality, gender, marital status, occupation, intellectual or physical impairment and disability, and other criteria as may be specified in current legislation.

If alcoholic events are advertised, the advertising and provision of non-alcoholic beverages must clearly be highlighted on any poster, promotional communication or advertising material.

The publications will heed the guidelines of Monash with respect to gender-inclusive language and language use for minority groups. The publication should be submitted to the Principal or Deans prior to publication or displaying.

PUBLIC TRANSPORT

A security bus allows safe movement at night around the Clayton campus. The campus bus to Caulfield/Peninsula Campus operates at regular times from the Bus Loop opposite Mannix College.

Information regarding Public Transport is available in the PTV App, Monash Diary, and at the Monash University Campus Centre Information Desk. Bus services run to shops and local train stations.

MYKI public transport cards must be carried at all times on public transport. These can be topped up at the bus loop and purchased from train stations, newsagents, university etc. Make sure you swipe on and off as fines for fare evasion are hefty.

REPORTING AN INCIDENT OR MISCONDUCT

If something has happened, either to you or to someone else, which you think might be unlawful or in breach of College rules or policies, or which is behaviour which should not occur at the College or University, you will want to consider telling someone about it.

There are many reasons for disclosing or reporting an incident, and a number of different avenues available for you to choose from.

Incidents where reporting needs to be considered could range from the very serious, such as sexual misconduct, harassment or deliberate property damage, through to lower level but persistent behaviour such as causing disruption to other people's living and study conditions.

Reasons why it may be helpful (or essential) to disclose or report could include:

- making sure that someone who has experienced sexual assault or sexual harassment, or some other violation such as bullying or hazing, is able to access support to help them recover from the incident;
- dealing with a situation where a person would have to come into regular contact with someone who has assaulted or harassed them;
- helping to ensure that unacceptable behaviour is not repeated;
- helping to ensure that appropriate consequences follow for a person who has harmed someone else by their unacceptable conduct.

Mannix College does not require you to report an assault if you do not wish to, and will help you access services as needed. It is your choice if you wish to report an assault to the College, the Police and/or the University, or none of these.

Disclosing, reporting

"Disclosing" - A disclosure involves an individual choosing to tell anyone who is part of Mannix College about their experience of bullying, harassment, or sexual misconduct. Unlike Reporting, Disclosure does not trigger an investigation or action (unless a child or vulnerable person is involved), but it would lead to support being offered.

"Reporting" - Reporting is sharing information with a College staff member or Resident Advisor regarding an incident of bullying, harassment or sexual misconduct experienced by that individual to initiate the investigation process set out in this Policy and the Conditions of Residency (different from Disclosure).

How can I disclose or report at Mannix?

Talk to the Principal, Dean of Students & Wellbeing, or RA

Your Floor RA is usually a good first contact. The Principal and Deans are available to speak with anyone in the College about concerns. These people have received training to enable them to respond sensitively and effectively to students' concerns on a wide range of issues. They will be able to explain the options, including attempting to resolve the problem informally or making a complaint.

Make a formal complaint

You can make a formal complaint by contacting the Dean of Students & Wellbeing. They will be able to give advice about how to make a complaint and the procedure which will be followed.

Report to the Monash University

The University has a number of reporting options. If you are thinking of reporting to the University, the College will support your decision and can assist you upon request.

The Monash University Safer Community Unit investigates incidences of behaviour on campus that may be illegal, concerning or unacceptable. They can also assist if you are going through a difficult situation and are not sure who to contact.

- Opening hours: Mon–Fri, 9am – 5pm
- Phone: 03 9905 1599
- Email: safercommunity@monash.edu

Report to the Police

If you are thinking of reporting to the Police, the College will support your decision and can assist you upon request, as can the Safer Community Unit. Contact details are

Confidentiality

If you disclose information on a confidential basis to an RA, the RA will not disclose or use that information without your permission.

This is an obligation which is taken extremely seriously and emphasised in training. It would be a serious breach of duty, for example, for an RA to disclose confidential information to another student.

The only exception is if someone's health or safety (your own or someone else's) requires the information to be used in a particular way. This could require an RA, for example, to disclose information to the Dean of Students & Wellbeing. In such a circumstance the information would be held by the Dean of Students & Wellbeing on the same confidential basis and used only to protect the relevant person's health or safety

Use of information on a "no names" basis

It sometimes happens that a student wishes information to be used, but only on the basis that disclosure cannot be traced back to the particular individual. It could happen, for example, that another student's behaviour is causing significant disruption to people's living or study conditions; the request might be made that action be taken in relation to the situation but the person disclosing does not want to be identified as the source of information.

This kind of situation can almost always be dealt with as requested. RAs and the College authorities will always respect a confidence of this sort, and often the situation can be sorted out without difficulty.

If you ask for no, or limited, action to be taken It may be that you wish to disclose information on the basis that no action will be taken, or no action taken at this stage pending your further consideration. The College will always respect your wishes in this regard. Likewise if you ask for particular limited steps only to be taken.

The principle is that information you disclose on a confidential basis will only be used with your permission. Again, this is subject to an exception where a person's health or safety requires some use to be made of the information, in which case the information will be used only in the most limited way required by that need.

- Appointed as a Resident Advisor
- Elected to the MCSS Committee

<https://mannix.monash.edu/fees-scholarships/>.

SECURITY & ACCESS

You can do much to look after your own security by:

- Always locking your bedroom door when you are not there.
- Report any intruder or anyone who appears to be acting oddly to the Front Office, the Duty Phone or Residential Support Officer.
- Ensuring you do not allow strangers to enter the College when you open the sliding doors or security doors.

SECURITY CAMERAS

Please note that Mannix College grounds, student common rooms, car parks and buildings are covered by 24/7 security cameras. Footage can be provided to Monash University or Police as needed.

SMOKING / VAPING

There is only one spot where smoking or vaping is allowed, located in the back south west corner of the rear car park. Keep this area clean and keep noise to a minimum. No smoking or vaping is permitted in any other part of the College campus. No smoking or vaping is permitted in any building, including balconies.

SPORTS COURT

The sports court (Back Astro aka. Bastro) is for the use of residents only from 8:00am to 10:00pm. Shoes must be worn. The lights can be turned on by obtaining a key from the Duty RA. Please notify the College Office if anyone is injured while using the sports court.

INTERNET ACCESS

Residents are welcome to bring their own personal computer. Network ports are available in every bedroom and WIFI is also available around the College. The College is on the Monash University network. The WIFI requires password access with Monash authcate.

While in your room, we recommend connecting your laptop or desktop to the blue network port that is provided. Monash University charges the College for downloading on the Internet. You have paid a \$75 deposit at the beginning of the year to cover internet charges incurred. Students may be cut off from the internet if excessive internet usage takes place.

Residents are responsible for their own virus protection when using their own computers. Residents should be aware that as part of a University network they are vulnerable to viruses. The University will disconnect any resident who is found to be spreading viruses, even if this occurs unknowingly.

IT FAQ

I have followed the Ethernet Instructions but, I still don't have internet? Check the following: Have you entered the Address correctly in the registration process. Wait 30 minutes (registration is not instant and can take 30 minutes or longer). Try using a different Ethernet port (Different room), yours may be faulty.

My Computer doesn't have an Ethernet port, what do I do? Wireless should be fast enough for most students but you can buy a "USB to Ethernet" adapter.

Do I need to register my Ethernet for different ports? No, once registered your computer will work on all ports.

Can I Register more than one device? Yes, repeat the same steps as the first time.

What is the difference between Ethernet and Wireless? Ethernet is faster, Wireless is fast enough for most people. Some Monash services are only available when using Ethernet such as TV streaming.

I used to be able to connect to eduroam, but now I don't get any internet access? Sometimes, especially after changing your Monash authcate password, you will need to re-input your Monash authcate username and password by 'forgetting' the network on your device and then reconnecting.

How fast is the internet at Mannix? 1 gigabit per second, approximately 10 to 20 times the NBN.

Is there any content that is blocked on the Monash network? Yes, all forms of torrenting and similar services are blocked.

Should I get a wireless router? NO, there is no need for one at Mannix and the university does not like the use of routers on their network.

Should I get a Wireless Printer? NO, wireless printers will not work on the Monash network. You have to use a cabled (USB) printer or use the Study Centre printer. If you already have a wireless printer you may use it but only as an usb printer.

Is there a file sharing network at Mannix? No, such a network is against University policy, you may attempt to create one but this is 100% your risk and you may lose your network access both at Mannix and on campus.

I am getting a message saying that I can't access the Monash Network since I am under 18, what do I do? You will have to contact Monash IT directly and sign an agreement.

TUTORIALS

The Tutors, both residential and non-resident, support the academic progress of our students and assist in the intellectual and cultural development of College life. The College coordinates the tutorial programme which entails:

- A dedicated team of approximately 30 Monash University-approved specialist tutors, many of whom are Old Colls, are employed by the College to assist students in major subject areas and any other areas of need.
- Tutors are normally available to students for consultation onsite on a weekly basis during semester time and the exam period and are contactable by email and social media.
- Residents are emailed early in each semester with an invitation to request tutorial support.
- The variety and frequency of tutorials will be dependent on the number of students enrolled in a particular course:

- Where there are 3 or more students enrolled in a unit, a weekly 1 x hour tutorial may run;
- Where there are 2 students enrolled in a unit, a fortnightly 1 x hour tutorial may run;
- Where there is 1 student enrolled in a unit, a fortnightly half-hour tutorial may run;

In addition to Course and discipline specific tutorials, there are many opportunities to engage in employability development workshops, industry mentoring, performance development and more.

TUTORIAL ROOMS

There are dedicated tutorial rooms located throughout the College. These are for the use of residents and tutors. Priority is always given to the formal College tutorial program. The rooms can otherwise be used for small discussion groups and work groups. Residents must keep these rooms neat and tidy, and not leave personal items in them. **Food and drink are not permitted in tutorial rooms.**

VENDING MACHINES

There are two vending machines provided for the use of students, staff and guests and are located in the dining room foyer area. Credit cards, cash or notes can be used with the machines.

THANK YOU

for playing your part in creating and
maintaining a welcoming and
respectful community.
